STATISTICS ON CLUB PAGES

atistics on the club pages in this album fall into two main categories. For each player, there is a career list of all his League appearances and League goals up to the end of 993-94 season, showing (in order) the season, club, division, appearances (including as a substitute) and goals. Then we get onto the REALLY interesting stuff! Last season's ics are shown in a detail only found in Merlin football sticker collections. For each player we show the number of starts he made in League games in 1993-94, followed by umber of appearances as a substitute and the total number of League goals scored. Then the goals are broken down as follows (the words in brackets correspond to the n headings): goals scored from inside the penalty area (In Area), from outside the penalty area (Out Area), with the left foot (L.Foot), with the right foot (R.Foot), by header d), from a penalty (Pen), those scored from a dead ball (DBall) or from open play (Open). Then we list the number of goal assists credited to each player from dead balls l) and open play (Open). Please note that in some cases, especially where a player was not in a Premier League club during 1993-94, these details were not available.

statistics are copyright ©1994 Andrew Clark/SportStats and may not be reproduced in whole or in part without permission. All Rights Reserved.

's note. The final date for compiling this album was November 15, 1994, and all reasonable efforts were made to ensure that the data was accurate at that time.
r transfers and/or managerial changes in FA Premier League member clubs after that date were, of course, beyond our control.

INTRODUCTION TO THE SECOND EDITION

THE F.A. PREMIER LEAGUE

The 1993-94 Premier League season added new levels of excitement to the greatest of all football championships. There were just five days of the season to go when the destiny of the Premiership trophy was finally decided, Blackburn Rovers' defeat at Coventry guaranteeing a second successive title for Manchester United.

What's more, for the first time Premier League fans were able to build their own permanent memento of the season by collecting Merlin's Premier League 94 stickers. Literally millions of you chose to do so, making Merlin's inaugural edition the country's most successful collectable series of all time!

That's a hard act to follow, but just as this season's FA Carling Premiership has delivered yet more drama, excitement, brilliance and skill, so this all-new Premier League 95 series from Merlin reaches even higher levels of excellence.

An even more comprehensive guide to the Premier League players, revised 1994-95 season strips, powerful action shots of the clubs' top stars, and that's just the start! Using revolutionary new photographic methods – key stickers for each club can be seen in 3-D when viewed through special glasses – see the leaflet inside this album to see how you can get yours! Brilliant new silver-glitter foil highlights the club badges and the team strips. And we've packed yet more vital Premier League data into our detailed performance statistics pages. Plus!
Don't throw away your sticker backs! Our Football Trivia Quiz, which you'll find on the backs of many of the stickers, will put your soccer knowledge to the test every time you open a new packet.

To capture the unique atmosphere of Premiership football on the printed page is no easy task. As you start your 1995 collection, your achievement, as you build your very own set from kick-off to final whistle, carries perhaps something of the drama, intensity and passionate commitment that we witness every week in Premier League football grounds. Let's take the challenge!

1994 THE YEAR OF THE DOUB

THE RED DEVILS had been threatening to sweep the board for some time, and it came as no real surprise that they achieved a magnificent League and FA Cup Double last season, emulating the glorious achievements of Tottenham, Arsenal and Liverpool before them.

Nobody could stand in United's way as they roared to a second successive FA Carling Premiership title as easily the most accomplished team in the land. Indeed there was only one occasion during the whole season when United didn't sit at the top of the table – their dominance was that complete!

Chelsea managed to dent their pride by doing the double over them, but the only other defeats they suffered were a thrilling 2-0 loss away to Blackburn Rovers in April and a 1-0 away defeat to the Crazy Gang at Wimbledon.

The Double looked doomed at Wembley, where Chelsea dominated the first half of the Cup Final. But United's luck held.

Leading Eric Cantona two penalties in minutes and the match sewn up for United by goals Hughes and McClair.

Blackburn Rovers posed the major challen United in the Championship race, but despite Shearer's 31 goals, they couldn't keep up the pressure w mattered. Andy Cole and Peter Beardsley led the charg Newcastle in their first season back in the top flight. They achieved a Premier League record with their 82 goals of which were scored by the dazzling Andy Cole – but l the experience to get right to the top.

It may well be that Manchester United will be topping the yet again as you fill up your Merlin Premier League 95 a What is certain, is that the Premiership is in for another se of sensational top class action and excitement, all of wh captured in this album!

PREMIER LEAGUE GROUNDS

THE START OF A NEW BEGINNING

During the 70s and 80s, most of the top clubs had been steadily upgrading their grounds and converting more and more of the terraces to seats. But the Hillsborough Disaster on April 15, 1989, when 95 Liverpool fans lost their lives, and the subsequent Taylor Report gave a powerful new impetus to the programme of ground improvements and, as the 1993/94 season closed, the last Premier League terraces closed too.

Perhaps the most poignant moments were felt at Anfield last April, when the world-famous Spion Kop was packed for the very last time.
A special celebration before the match included a cavalcade of Anfield stars of the past including both Kevin Keegan and Kenny Dalglish, and a rendition of "You'll Never Walk Alone" that was loud enough to raise the roof and be heard all over Merseyside.

Since the formation of the Premier League, there have been a great many positive changes in football. Many more women and children have been attracted to the nation's number one sport as facilities have improved dramatically, and other innovations have been introduced such as pre-match entertainment.
Attendances have been increasing steadily since 1988 and the 1993/94 season saw spectators increase by nearly 900,000 to a massive 10.6 million.

Of the 22 Premiership Clubs, nine had not finished their building work by the start of this season, but soon all the grounds will be magnificent all-seater venues, where all fans can watch their play in total comfort and safety. In the me the 1994/95 season may see a drop in att figures due to reduced capacity, but the League is now set fair to forge ahead i 21st century. The future starts here.

The chart on this page gives all the Premier League fixtures for the 1994-95 season. Simply read down the column headed "HOME TEAM" until you reach the appropriate team, then read along that row until you reach the column headed with the name of the away team. In the box where the HOME TEAM and the AWAY TEAM intersect you will find the date for that fixture, with enough space for you to fill in the result.
We have filled in all the results known at the time of going to press. Please also note that fixtures are subject to change as the season progresses, so if you are considering going to a match, please check with the home club or your newspaper to make sure that the fixture is still on. These fixtures are copyright ©1994 The FA Premier League and may not be reproduced in whole or in part without their express written permission.

WHAT IS MAGIC EYE?

It's a whole new visual experience! MAGIC EYE is made possible by the remarkable power of remarkable computers modern computers and the use of the "Salitsky Dot," a patent-pending image-rendering system that takes 3-D viewing into the twenty-first century!

MERLIN'S Magic Eye

WHAT DO YOU DO?

To see the 3-D image in this picture, hold it up close to your face and relax your eyes, so that the image goes blurry. Without changing your focus, gradually move the picture away from your eyes and watch the 3-D image materialise. If at first you don't succeed, KEEP TRYING!
